US ATLAS SWT2 Site Report

Tuesday 17 October 2017 12:00 (15 minutes)

We will present an update on our sites and cover our work with various efforts like xrootd storage elements, opportunistic usage of general HPC resources, and containerization.

We will also report on our latest hardware purchases, as well as the status of network updates.

We conclude with a summary of successes and problems we encountered and indicate directions for future work.

Desired length

12 min
