

# Probing fundamental physics with CMB spectral distortions

## Wednesday, 14 March 2018

**Observations: ground and space based - 4/3-006 - TH Conference Room (15:30 - 17:15)**

time	[id] title	presenter
15:30	[14] Fourier Transform Spectroscopy for CMB Spectral Distortions: the PIXIE example	KOGUT, Alan
15:55	[15] APSErA: Towards developing a ground-based CMB spectral distortion detection experiment	SATHYANARAYANA RAO , Mayuri
16:20	[17] Spectro-imaging of the polarised CMB	DELABROUILLE, Jacques
16:45	[26] What Next?	SILK, Joseph
