

Session Program

12-16 Mar 2018

Probing fundamental physics with CMB spectral distortions

Furture Endeavours + Panel discussion

CERN, 503/1-001 - Council Chamber

Friday 16 March

14:00

Furture Endeavours + Panel discussion

Session | Location: CERN, 503/1-001 - Council Chamber

14:00-14:45

The COSMO experiment: towards spectral distortion measurements from the ground and from stratospheric balloons

Speaker

Paolo de Bernardis

16:00

14:45-15:45

Panel Discussion
