

## Welcome to NICA days 2017 in Warsaw

Contribution ID: 105

Type: Talk

# Preparation the system for visualization radon concentration measurements in buildings of Warsaw University of Technology.

*Friday, 10 November 2017 16:25 (10 minutes)*

Radon gas is main source of ionizing radiation in air. Due to this fact, science club CAMAC is working on measurements, processing and visualization of this gas concentration. Part of this research is preparing a system with data acquisition software and a website with interactive map.
