## **$|V_{xb}|$ determination: an updated theoretical perspective**

*Wednesday, 1 August 2018 15:00 (20 minutes)*

We describe the recent theoretical results on  $|V_{xb}|$  determinations, as well as the status and perspective of the related inclusive/exclusive puzzle

or

We analyze the issue of lepton flavor non universality in  $b \rightarrow s l l$  decays in non-minimal 331 models
