

International Joint Workshop

CERN, Geneva,
Switzerland

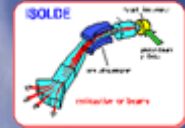

40^{èmes} Journées des Actinides

27th March - 30th March 2010

2nd Workshop on Actinide Targets

30th March – 1st April 2010

LOCAL ORGANISING COMMITTEE

- R. Catherall
- K. Johnston
- T. Stora
- V. Vlachoudis

TOPICS

- Nuclear fuel cycle, environment
- Inorganic, organometallic chemistry
- Theory, electronic structure
- Materials science, nanomaterials
- Strongly correlated behaviours; superconductivity, quantum criticality
- Actinide production
- Actinide handling
- Radiation protection
- Fission products & radioactive ion beam yields

SCIENTIFIC COMMITTEE

- A. Gonçalves
- L. Havela
- D. Kaczorowski
- A. C. Morton
- A. Ferrari
- E. Chiaveri
- T. Otto
- F. Wastin
