Organizational Matters

J. Pretz
RWTH Aachen & FZ Jülich

SSP2018, June 2018
RWTH (Rheinisch-Westfälsiche Technische Hochschule)
- founded in 1870
- 44,000 students (total population 250,000)
- largest technical university in Germany
one of the largest interdisciplinary research centers in Europe (energy, information, bioeconomy, . . .)

6000 staff members (2000 scientists)
“In the Jülich Aachen Research Alliance (JARA), RWTH Aachen University and Forschungszentrum Jülich pool their outstanding expertise in six research sections.”

6 sections

- brain research (JARA-BRAIN)
- sustainable energy (JARA-ENERGY)
- particle physics and antimatter (JARA-FAME)
- information technologies of the future (JARA-FIT)
- simulation sciences with supercomputers (JARA-HPC)
- soft matter research (JARA-SOFT)

**JARA-FAME** – (Forces and Matter Experiments) was founded in 2013, 20 professors of the two institutions. Projects: Alpha Magnetic Spectrometer (AMS), Jülich Electric Dipole Moment Investigation (JEDI) Jiangmen Underground Neutrino Observatory (JUNO)

Proceedings

Proceedings will be published in Hyperfine Interactions (like for the previous SSP conferences)

More info by Hans Ströher during the week
Talks & Poster session

- Speakers please upload your talk before the session on the indico site
- Poster presenter: Please upload one slide to advertise your poster
  (contact: Livia Ludhova)
Social Program

Wednesday (June, 13th)

- guided bus tour (14:00-15:30) starts from here (Super C)
  - drop off at Elisenbrunnen
- guided walking tour (start Elisenbrunnen at 15:45)
  - old town (16:00-17:30)
  - Aachen cathedral (16:00-17:00)
  - old town hall (16:00-17:00)

- Conference Dinner 19:30 (Restaurant Elisenbrunnen)

Please fill out short questionnaire
