SPRINGER NATURE

1) It is agreed to publish a special issue of *Hyperfine Interactions (HYPE)* entitled “*SSP 2018*”, associated with the 7th Symposium on Symmetries in Subatomic Physics, Aachen, Germany, June 10th to 15th, 2018 (<https://indico.cern.ch/event/651952/>) of approximately 50 papers and 400 pages. The Guest Editors will supervise the reviewing process in consultation and collaboration with the HYPE Editor-in-Chief, Prof Jürgen Kluge.

7th Symposium on Symmetries in Subatomic Physics (SSP2018)

RWTH Aachen University, Germany, June, 11.-15., 2018

Proceedings

3) Articles submitted must be of standard journal length and quality. Authors making a contribution should submit their paper using the usual submission system

<http://www.editorialmanager.com/hype/default.aspx>

Instructions for authors are given on the journal homepage:

<http://www.springer.com/physics/particle+and+nuclear+physics/journal/10751>

4) All manuscripts should be submitted no later than **July 31st 2018.**

7th Symposium on Symmetries in Subatomic Physics (SSP2018)

RWTH Aachen University, Germany, June, 11.-15., 2018

SSP2018

- Feedback appreciated

SSP2021

- Wish to continue: 8th Symposium on SSP
- Suggestions (better: commitments) welcome

7th Symposium on Symmetries in Subatomic Physics (SSP2018)

RWTH Aachen University, Germany, June, 11.-15., 2018

Thank you very much – have a safe trip back home!
