

7th International Symposium on Symmetries in Subatomic Physics (SSP2018)

Monday, 11 June 2018

Neutrinos: Neutrinos (09:30 - 10:30)

time	[id] title	presenter
09:30	[42] Review of absolute neutrino mass measurements	Prof. FERL, Martin
10:00	[47] Status and prospects of neutrino mass hierarchy and CP-violation measurements	Prof. HARTNELL, Jeff

Neutrinos (11:00 - 12:30)

time	[id] title	presenter
11:00	[38] Review of solar and geo-neutrino studies	ZAVATARELLI, sandra
11:30	[49] Review on sterile neutrinos	GIUNTI, Carlo
12:00	[72] Review on neutrino-less double beta decay experiments	CREMONESI, Oliviero

Neutrinos (14:00 - 16:00)

time	[id] title	presenter
14:00	[57] Review on high energy neutrino measurements	WIEBUSCH, Christopher
14:30	[43] Modern reanalysis of the reactor anomaly conversion method	Mr HAYEN, Leendert
15:00	[56] Discrete Symmetries, Neutrino Mixing and Leptonic CP Violation	Prof. PETCOV, Serguey
15:30	[53] The future of neutrino physics	Dr MEZZETTO, Mauro
