

# 7th International Symposium on Symmetries in Subatomic Physics (SSP2018)

## Tuesday, 12 June 2018

### EDM (10:00 - 10:30)

| time  | [id] title                                 | presenter         |
|-------|--|-------------------|
| 10:00 | [74] ACME Measurements of the Electron EDM | GABRIELSE, Gerald |

### EDM (11:00 - 12:30)

| time  | [id] title  | presenter                      |
|-------|---|--------------------------------|
| 11:00 | [31] Measurement of the Xe-129 EDM  | Prof. HEIL, Werner             |
| 11:20 | [4] Improved Measurement of the Permanent Electric Dipole Moment of $^{199}\text{Hg}$ | Dr GRANER, Brent               |
| 11:40 | [55] Recent Progress of the JEDI Collaboration  | GAISSER, Martin                |
| 12:00 | [46] Searches for the electric dipole moment of the neutron                           | Dr SCHMIDT-WELLENBURG, Philipp |

# Friday, 15 June 2018

## EDM (09:00 - 09:25)

| time  | [id] title  | presenter          |
|-------|---|--------------------|
| 09:00 | [78] Electric Dipole Moments of the Nucleon and Light Nuclei in Chiral Effective Field Theory | Dr WIRZBA, Andreas |
