

# Acrobat & PitStop

- ▶ Is there any reason to upgrade to Adobe Acrobat 9 Pro and Enfocus PitStop Pro 09?
- ▶ A quick scan of professional material from world class companies reveals that all are still using Acrobat 7 or lower.
- ▶ Amazingly, several (including APS) are still using Acrobat 6.
- ▶ IEEE Explore Specification 4.02, July 2008, still specifies saving as PDF 1.6 (Acrobat 7).
- ▶ Are there any known new features of Adobe Acrobat 9 Pro or Enfocus PitStop Pro 09 that we need to use?
- ▶ Are there any reasons why we cannot continue using Adobe Acrobat 7 Pro and Enfocus PitStop Pro 7?
- ▶ Investigate the cost of purchasing licences in case we have to upgrade.
