

Connecting The Dots 2018

Wednesday, 21 March 2018

Young Scientist Forum: YSF - Physics-Astronomy Auditorium A118 (16:10 - 18:15)

-Conveners: Gordon Watts

time	[id] title	presenter
16:10	[6] Clustering with adaptive similarity measure for track reconstruction	AMROUCHE, Sabrina
16:30	[13] Implementation and performance of the ATLAS pixel clustering neural networks	GAGNON, Louis-Guillaume
16:50	[22] Splitting Strip Detector Clusters in Dense Environments	NACHMAN, Ben
17:10	[17] Tracking in Dense Environments for the HL-LHC ATLAS Detector	CORMIER, Felix
17:30	[45] Track Finding in the COMET Experiment using Boosted Decision Trees	GILLIES, Ewen
