1LP7-01 Comparison of shell vs. core-type magnetic circuits in the performance of inductive superconducting fault current limiters under asymmetric faults

Monday 18 September 2017 13:30 (1 minute)

Author: MURTA-PINA, Joao (Centre of Technology and Systems (Uninova))

Presenter: MURTA-PINA, Joao (Centre of Technology and Systems (Uninova))

Session Classification: Poster : 1LP7 - FCL : design and devices
