1LP7-24 Preliminary Investigation on Economic Aspects of Superconducting Magnetic Energy Storage (SMES) Systems and High Temperature Superconducting Transformers (HTST)

Monday 18 September 2017 13:52 (1 minute)

Author: YUAN, Weijia (Florida State University Center for Advanced Power Systems)

Presenter: YUAN, Weijia (Florida State University Center for Advanced Power Systems)

Session Classification: Poster : 1LP7 - FCL : design and devices
