3LP7-06 Efficient numerical modelling of superconducting power cables –A comparative study between 2D and 3D numerical models

Wednesday 20 September 2017 13:35 (1 minute)

Author: YAO , Min (Institute of Energy System, School of Engineering, the University of Edinburgh)

Presenter: YAO , Min (Institute of Energy System, School of Engineering, the University of Edinburgh)

Session Classification: Poster : 3LP7 - Power transmission and cables
