

Session Program

17-21 Sept 2017

EUCAS 2017

1P2 - Lessons learned

Geneva, CIG

Monday 18 September

15:50

1P2 - Lessons learned

Session | Location: Geneva, CIG - room 1

16:00-16:30

2P2-01 The LHC Main Magnet Electrical Interconnections: the Subtle Size of Superconductivity

Speaker

Lucio Rossi

16:30-17:00

2P2-02 Some of the lessons learned during the construction and use of super magnets conductors in the last decades

Speaker

Roberto Penco

17:00-17:30

2P2-03 Learning from R&D and operation of HTS insert coil for high field magnet

Speaker

Satoshi Awaji

17:30-18:00

2P2-04 Transformation and perspectives of digital superconducting electronics

Speaker

Oleg Mukhanov

18:00
