

CERN-ICEC-STFC-hosted Workshop on Innovative, Robust and Affordable Medical Linear Accelerators for Challenging Environments

Friday 27 October 2017

Session VII: Computer Applications in Radiation Therapy (Co-Conveners: Jake Van Dyk and David Pistenmaa) - 503/1-001 - Council Chamber (13:45 - 15:30)

time	[id] title	presenter
13:45	[108] Automated Treatment Planning Systems	COURT, Laurence
14:05	[109] Automated Monitoring of Treatment Delivery	PALTA, Jatinder
14:25	[110] Teaching linear accelerator physics using simulation software	CARLONE, Marco
14:45	[131] Computing for Medical Applications	DI MEGLIO, Alberto
15:00	[111] Open Discussion	PISTENMAA, David Mr VAN DYK, Jake
