Women in Technology @ CERN A grassroots community

About us

About the Women in Technology (WIT) Community: The aim of this community is to provide an environment in which women are not in the minority when interacting with technology.

Our objectives are:

- encourage women to play the role of expert
- provide a supportive learning environment
- build a network between the Women in Technology here at CERN

WIT welcomes members from all genders and all technical fields.

Join our e-group, wit-matters at the [CERN e-group page](#).

Coming up
