

## Drell-Yan measurements and PDFs

*Thursday, 30 August 2018 15:00 (30 minutes)*

The talk should cover W, Z/gamma\* measurements sensitive to PDFs, as well as measurements of EW observables which are affected by significant PDF uncertainties (sin<sup>2</sup>theta<sub>W</sub>, W mass).

**Presenter:** RIZVI, Eram Syed (Queen Mary, University of London)

**Session Classification:** PDFs,  $\alpha_s$  and soft QCD

**Track Classification:** PDFs,  $\alpha_s$  and soft QCD
