

# Top quark and jets measurements sensitive to PDFs

*Thursday 30 August 2018 15:30 (30 minutes)*

The talk will cover measurements and QCD analyses of inclusive and differential top quark pairs and single top production, and of jets production, from ATLAS, CMS and LHCb.

**Presenter:** CHATTERJEE, Suman (Tata Inst. of Fundamental Research (IN))

**Session Classification:** PDFs,  $\otimes$ , and soft QCD

**Track Classification:** PDFs,  $\otimes$ , and soft QCD
