Collabora Online: Real-time Collaboration on Documents

Wednesday, January 31, 2018 11:00 AM (20 minutes)

Come and hear about what is Collabora Online and how it integrates into many File Sync&Share Products to create a powerful, secure, real-time document editing experience. Hear about the improvements over the last year, catch a glimpse of where we are going next, and hear how you can get it integrated into your product - if you haven't integrated it yet.
