

# The 14th Workshop of the LHC Higgs Cross Section Working Group

## Final remarks

- Thanks for the interesting talks and work done
- We need to keep the momentum after YR4
  - Roadmaps being implemented:
    - Goals and tasks to be performed (with contact person, status and expected completion date)
  - Two big “deadlines”
    - HL-LHC YR (end of the year)
    - Final Run2 papers (different deadlines, results will not be used by experiments if not delivered in time)

- Proposed dates for the next General Assembly Meeting: December 10-11, 2018
- Please let us know your comments regarding the dates for the next meeting or any other aspect of the LHC HXSWG.
