Indico:

<https://indico.cern.ch/category/3068/>

The screenshot shows the Indico web interface for the category "HL-LHC WP13 - Beam Instrumentation". The page features a blue header with the Indico logo and navigation links. Below the header, there is a breadcrumb trail: "Home » Projects » HL-LHC (including HiLumi LHC FP7 Design ... » HL-LHC WP13 - Beam Instrumentation". The main content area displays a list of meetings, organized by month. The most recent meeting is highlighted in yellow:

- September 2017
 - 18 Sep HL-LHC WP13 BI meeting #6 **NEW**
- June 2017
 - 12 Jun HL-LHC WP13 BI meeting #5 - June 2017 - BPM alignment
- May 2017
 - 09 May HL-LHC WP13 BI Meeting #4 - May 2017
- April 2017
 - 03 Apr HL-LHC WP13 BI Meeting #3 - Mar 2017
- February 2017
 - 27 Feb HL-LHC WP13 BI Meeting #2 - Feb 2017

On the right side of the screenshot, there is a red-bordered box containing the following text:

- Used to record and store our dedicated meetings and minutes
- Rhod and myself create the events and insert the minutes
- **Speakers: Please upload their slides**
- Information is only visible to CERN HL Members (on going – fully open sofar)

Collaboration Workspace:

<https://espace.cern.ch/HiLumi/WP13/default.aspx>

The screenshot shows a web browser window displaying the HiLumi Collaboration Workspace. The browser's address bar shows the URL <https://espace.cern.ch/HiLumi/WP13/default.aspx>. The page features a blue header with the text "Collaboration Workspaces" and a navigation menu with links for "Home Public Site", "Home Intranet", "Indico Meetings", and "EDMS Structure". The main content area is divided into several sections: "Meetings" with an "Indico link", "Documents" with links to "WP13 EDMS Documentation" and "BGV Twiki Home", "Lists" with "Calendar" and "Tasks", "Sites", "People and Groups", and "Unused" with "Shared Documents" and "Team Discussion". There are also sections for "Announcements" (with a link to "Add new announcement") and "Calendar" (with a link to "Add new event"). A "Tasks" section is visible on the right, listing tasks such as "Gas Jet Developments for HL-LHC: next steps" (assigned to Raymond Veness), "Lumi Desig for HL: Test plans in 2017: Actions" (assigned to Enrico Bravin), "IR BPM - Plans", "IR BPM - Open Questions", "IR BPM - To Do", and "EO BPM - Comparison".

- Used as the 'official' entry point for HL Project information.
- Created by the Project Team. They just gave me the right to put information there
- We just updated the left menu to give access to our EDMS and Indico pages
- We can also add the access to any entry point to your working documents (like the BGV twiki)
- **Project Laeders: please give me any entry links you have if any.**

EDMS:

<https://edms.cern.ch/ui/#!master/navigator/project?P:1069759979:1069759979:subDocs>

The screenshot shows the EDMS web interface for a project named 'Beam Diagnostics (WP13)'. The left sidebar shows a tree view of folders. The 'Engineering drafts & notes' folder is circled in red. The main content area shows the 'Documents' tab with a table of documents. The table is currently empty, displaying 'No documents'. A red box on the right contains the following text:

- Used our key dedicated meetings and minutes
- HL Team created and manage the arborescence
- **Project Members: please upload your key files (mainly in Engineering chapter)**
