

First Biennial African Conference on Fundamental Physics and Applications

Tuesday 3 July 2018

Renewable energies and Energy efficiency - Auditorium 1, Brahms Street (09:00 - 10:30)

-Conveners: Diouma Kobor

time	[id] title	presenter
09:00	[50] Solar Energy Applications	PALMIERI, Vittorio
09:30	[51] Growth and fabrication of dye sensitized solar cells on multilayer transparent conductive film	SAHU, Dipti Ranjan
10:00	[52] General Situation of Energy Production and Consumption in Africa	EGBE, Daniel

Renewable energies and Energy efficiency - Auditorium 1, Brahms Street (10:55 - 11:55)

-Conveners: Diouma Kobor

time	[id] title	presenter
10:55	[54] Biomass to energy an opportunity for Africa	NDIAYE, Lat Grand
11:25	[55] Dielectric and ferroelectric properties of PZN-4.5PT thin films on nanostructured silicon substrate	KOBOR, Diouma
