Yachting Club CERN- typical misinterpretation

Snow White just started a fellowship at CERN, while Peter Pan is a PhD student in his last year of contract

Hi Peter Pan, do you know anything about the YCC? It looks interesting

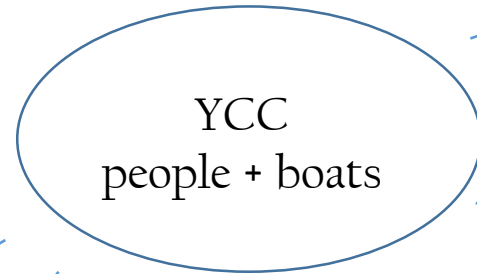

Yeah it's apparently impossible to get in... I tried for 3 years to win a place in the course but they never selected me!

Yachting Club CERN – how to start

If you want to try before becoming a member...

...you can come to an introductory tour (every 1st Thursday of the month)!

If you are a new member just come on any Thursday Practice from April, don't be shy!

Meeting point: Buvette in Port Choiseul, at 18.00.

A committee member will welcome you and allocate you a boat.
