- recording service is very fast! many videos already online, some videos waiting for signature of the release form.
 - please sign (even if you disagree, there's a checkbox for that)
 - if you received multiple links, please sign each of them (even if you weren't the speaker)
- hackathon: tomorrow, community driven
 - work on your project, profit from easy access to other experts
 - or join another group [a few suggestions online](#)

today

- submitted talks, advanced tutorial, closing, and challenge results
