## **Session Program**

9 September 2009

## Joint QUASAR and THz Group Workshop on Accelerator Science and Technology 2009

## **RF Accelerators and Beam Halo**

GSI, Seminar Room Theory Group

## Wednesday 9 September

11:15-	
Study	of Superconducting Accelerating Structures for Linac Applications r
Marcel S	
11:30-	11:45
	igations into the Surface Resistance of Superconducting Materials
Speake Tobias II	r Inginger
11:45-	12:00
Field I	nterference of Magnets and its Influence on the Beam Dynamics in the
Collect	tor Ring
Collect Speake	tor Ring
