

International Workshop on Semiconductor Pixel Detectors for Particles and Imaging (PIXEL2018)

Monday 10 December 2018

Pixel system performance: (S. Paganis) - Activity Center (09:00 - 10:40)

| time | [id] title | presenter |
|-------|---|------------------------|
| 09:00 | [1] Operational Experience and Performance with the ATLAS Pixel detector at the Large Hadron Collider | KOCIAN, Martin |
| 09:25 | [79] The Belle II Pixel Detector - Status and Performance | Mr LUETTICKE, Florian |
| 09:50 | [24] The CMS phase-1 pixel detector - experience and lessons learned from 2 years of operation | VORMWALD, Benedikt |
| 10:15 | [41] Development of the CMS Phase-1 Pixel Online Monitoring System and the Evolution of Pixel Leakage Current | Dr ZHANG, Fengwangdong |
