

Session Program

18-20 Nov 2009

ISOLDE Workshop and Users meeting 2009

Session 8: Spectroscopy

CERN, 503/1-001 - Council Chamber

Thursday 19 November

16:00

Session 8: Spectroscopy

Session | Location: CERN, 503/1-001 - Council Chamber

16:00-16:30 **Fast timing studies at ISOLDE: highlights and perspectives**

Speaker

Luis M Fraile

16:30-16:50 **The ISOLTRAP tape station system**

Speaker

Magdalena Kowalska

16:50-17:10 **Progress and future outlook for the CRIS project at ISOLDE**

Speaker

Kieran Flanagan

17:10-17:30

Biological applications of Perturbed Angular Correlations of γ -rays spectroscopy

Speaker

Monika Stachura

17:30
