

Skyscrapers window washing system

how to clean the windows safely ?

How is it done to day?

An automatic system to wash high building windows?

- *Fixed system installed on the building windows managed by PLC.* **SIMPLE**
- *No more washers swinging from the buildings.* **SAFE**
- *Flexible system which could be used many times just by pushing a button.* **FLEXIBILITY**
- *It is a really cheap system in comparison to traditional washer costs.* **ECONOMICAL**

WHO COULD BE INTERESTED ON IT?

- **BUILDING OWNERS**
- **BUILDING CONSTRUCTORS**
- **WINDOW CONTRACTORS AND SUPPLIERS**
- **WASHING COMPANIES**
