

Session Program

15-17 Jan 2018

7th Low Emittance Rings Workshop ***Low emittance ring design and status***

CERN, 6/2-024 - BE Auditorium Meyrin

Wednesday 17 January

14:00

Low emittance ring design and status

Session | **Location:** CERN, 6/2-024 - BE Auditorium Meyrin

14:00–14:30 **Optics design of the CEPC Collider Ring.**

Speakers

Yiwei WANG, Yiwei WANG

14:30–15:00 **Alignment tolerance studies in FCC-ee**

Speaker

Sandra Aumon

15:00–15:30

Challenges of a low emittance electron beam in a high energy booster synchrotron

Speaker

Bastian Harer

15:30–16:00 **Coffee break**

16:00
