

Heavy Quarks through the Looking Glass

Thursday 4 October 2018 - Friday 5 October 2018

University of Siegen, ENC

Scientific Programme

Festive Colloquium

We cordially invite you to the festive colloquium on Thursday 4 October on the occasion of Prof. Thomas Mannel's 60th Birthday.

Prof. Benjamin Grinstein will talk about the Neutron Decay Anomaly: how it may be a window to new physics

This colloquium is organised as part of the "Heavy Quarks through the Looking Glass" workshop - Thomas Mannel Fest.

Invited Speakers

Andrzej Buras (TUM)
Johannes Albrecht (TU Dortmund)
Christian Bauer (Berkeley)
Florian Bernlochner (KIT)
Svjetlana Fajfer (Univ. of Ljubljana and Inst. J. Stefan)
Paolo Gambino (INFN)
Benjamin Grinstein (UCSD)
Robert Harlander (RWTH Aachen)
Martin Jung (TUM)
Alexander Lenz (Durham)
Mikolaj Misiak (University of Warsaw)
Ulrich Nierste (KIT)
Gil Paz (Wayne State)
Alexey Petrov (Wayne State)
Frank Tackmann (DESY)
Javier Virto (MIT/TUM)
Susanne Westhoff (Heidelberg)
