

Session Program

4-5 Oct 2018

Heavy Quarks through the Looking Glass

Part I

University of Siegen, ENC, D-114
Emmy-Noether Campus (ENC), Walter-Flex-Strasse 3

Thursday 4 October

10:50

Part I

Session | **Location:** University of Siegen, ENC, D-114, Emmy-Noether Campus (ENC), Walter-Flex-Strasse 3

10:50–11:20

The $1/m_Q$ Expansion in QCD: Introduction and Overview

Speaker

Alexander Lenz

11:20–11:50

Effective field theories to all orders

Speaker

Gil Paz

11:50–12:20

The (endless) chase for V_{cb}

Speaker

paolo gambino

12:20–12:50

Beauty is back: Belle II status and how we (hopefully) will find new physics

Speaker

Florian Bernlochner

13:00
