

Session Program

11-15 Dec 2017

RD51 Open Lectures and Mini Week

Lectures I

CERN, 593/R-010 - Salle 11

Monday 11 December

14:30

Lectures I: Principal mechanisms for signal generation in Micro Pattern Gaseous Detectors, W. Riegler

Session | Location: CERN, 593/R-010 - Salle 11

14:30-15:45

Signals in Micro Pattern Gaseous Detectors, including resistive elements

Speaker

Werner Riegler

15:45-16:15

Coffee Break

16:15-17:30

Signal processing for precision timing applications

Speaker

Werner Riegler

17:30
