## **RD51 Open Lectures and Mini Week**

### ***Lectures I***

CERN, 593/R-010 - Salle 11

# Monday 11 December

14:30

## Lectures I: Principal mechanisms for signal generation in Micro Pattern Gaseous Detectors, W. Riegler

Session | Location: CERN, 593/R-010 - Salle 11

14:30-15:45

### Signals in Micro Pattern Gaseous Detectors, including resistive elements

**Speaker**

Werner Riegler

15:45-16:15

### Coffee Break

16:15-17:30

### Signal processing for precision timing applications

**Speaker**

Werner Riegler

17:30
