

Survey on Physical Review D

I am the chair of a panel that is carrying out an external review of Physical Review D. Does this journal meet your needs? Please inform us by completing the survey at:

<https://journals.aps.org/prd/2018-prd-survey>

If you have more explicit advice or opinions, please send them to prd-survey@aps.org .

I would especially appreciate it if you would circulate this notice to gain a wider (esp., European) participation.

Thank you, Michael Peskin
