

Kick-off meeting - R&D on experimental technologies

Report of Contributions

Contribution ID: 1

Type: **not specified**

Introduction

Monday 20 November 2017 10:00 (10 minutes)

Scope, context, timeline

Presenter: KRAMMER, Manfred (CERN)

Contribution ID: 2

Type: **not specified**

ATLAS

Monday 20 November 2017 10:40 (15 minutes)

Presenter: PERNEGGER, Heinz (CERN)

Session Classification: Current R&D in LHC experiments

Contribution ID: 3

Type: **not specified**

CMS

Monday 20 November 2017 10:55 (15 minutes)

Presenter: DAVID, André (CERN)

Session Classification: Current R&D in LHC experiments

Contribution ID: 4

Type: **not specified**

ALICE

Monday 20 November 2017 10:10 (15 minutes)

Presenter: MUSA, Luciano (CERN)

Session Classification: Current R&D in LHC experiments

Contribution ID: 5

Type: **not specified**

LHCb

Monday 20 November 2017 10:25 (15 minutes)

Presenter: FERRO-LUZZI, Massimiliano (CERN)

Session Classification: Current R&D in LHC experiments

Contribution ID: 7

Type: **not specified**

Hadron machines

Monday 20 November 2017 11:10 (20 minutes)

Presenter: RIEGLER, Werner (CERN)

Session Classification: The main challenges beyond HL-LHC

Contribution ID: 8

Type: **not specified**

Lepton machines

Monday 20 November 2017 11:30 (20 minutes)

Presenters: LINSSEN, Lucie (CERN); JANOT, Patrick (CERN)

Session Classification: The main challenges beyond HL-LHC

Contribution ID: 9

Type: **not specified**

Towards an efficient and balanced R&D programme

Monday 20 November 2017 11:50 (10 minutes)

Process, first ideas on themes, organisation, roadmap, workshops

Presenter: JORAM, Christian (CERN)

Contribution ID: **10**

Type: **not specified**

Discussion

Monday 20 November 2017 12:00 (10 minutes)
