

Please complete this form if you are requesting CERN/IT department to participate in a European Commission project and send the completed form to it-ec-projectoffice@cern.ch

The IT department, and CERN overall, has a well-defined process for engaging in European Commission projects. You should not make any commitments towards the project until this process has completed and participation approved.

| | |
|---|--|
| Project name | |
| Project proposal coordinator contact details (name, email, institution) | |
| Project abstract (max 1 page) | |

| | |
|---|--|
| Project partners | |
| EC call identifier to which the project proposal will be submitted and call deadline | |
| What is the FP7 instrument to be used for this proposal (CP-CSA, CSA-CA, CSA-SA) | |
| Foreseen start-date, duration of the project and requested EC funding for the whole project and for CERN/IT | |
| Relevance of the project to CERN/IT's programme of work http://it-div.web.cern.ch/it-div/ | |
| Name of CERN/IT contact | |
| List any other departments at CERN involved in the project | |
| List of activities where it is foreseen that CERN/IT can contribute to the project | |
| What is the foreseen level of participation of CERN/IT (in FTEs per year and over what period of the project)? | |
| Is CERN/IT being asked to fulfil any roles of responsibility (e.g. coordinator, Work Package leader etc.)? | |
| Is CERN/IT expected to provide any resources (personnel, computing resources, space etc.) not explicitly funded by the project? | |
| List existing or future | |

European Organization for Nuclear Research
