

Session Program

3-8 Jun 2018

Blois 2018: 30th Rencontres de Blois on "Particle Physics and Cosmology"

The Higgs Boson

Gaston d'Orléans
Château de Blois, Blois, Loire Valley, France

Monday 4 June

14:00

The Higgs Boson

Session | Location: Gaston d'Orléans, Château de Blois, Blois, Loire Valley, France | Convener: Christophe Grojean

14:00–14:30

Higgs couplings and properties and their combinations, together with rare Higgs decays

Speaker

Thomas Strebler

15:00

14:30–15:00

Higgs Differential Cross Sections and EFT Analysis

Speaker

Stefan Guindon

15:30

The Higgs Boson

Session | Location: Gaston d'Orléans, Château de Blois, Blois, Loire Valley, France | Convener: Christophe Grojean

15:30–16:00

BSM Prospects in Higgs Physics at the LHC

Speaker

Giuliano Panico

16:30

16:00–16:30

The SM-Higgs Precision Program

Speaker

Michael Spira
