## Summary of the collimation upgrade plans

*Thursday, 28 January 2010 19:10 (20 minutes)*

Phase 2 collimator jaws, Cryo collimators and eventual required additional tertiary collimators and absorbers. Main milestones and deadlines for decision taking (e.g. what choice for the secondary collimators etc.). Strategy and time estimate for installation and commissioning of the new collimation system.

**Presenter:** ASSMANN, Ralph

**Session Classification:** Session 8 - LHC Upgrade Plans for the first long Shutdown
