

NEWSLETTER January 2018

Call for abstract

Registration and abstract submission are now open.

Authors are requested to submit abstracts electronically on the [JACoW Website](#).

We are looking forward to receiving your contribution for this leading conference on Mechanical Engineering Design.

End Of Early Bird Registration	March 16, 2018
Abstract Submission Deadline	May 20, 2018
Paper Submission Deadline	June 17, 2018

Cultural point

Amelie Poulain and *TS Spivet* director Jean-Pierre Jeunet and his former colleague on *The City of Lost Children* are at the center of this exhibition presenting storyboards, stills from the production, accessories and other miscellanea from their movies.

Chairman's word

Dear Colleagues,

MEDSI is a great opportunity to meet one another, build your network and talk shop. We are honored to propose 3 keynote-talks in plenary sessions to share knowledge for the benefit of everyone from newcomers to experienced engineers.

The goal of these monthly newsletters is to inform you of the practical information about the conference and offer opportunities for companions and delegates after a long working day at the conference.

We are updating the [MEDSI 2018 website](#) frequently. Don't hesitate to check on the new sponsors to plan your meetings.

Looking forward to meeting you at MEDSI,

Keihan TAVAKOLI
MEDSI2018 Chair
