

WE - Heraeus Physics School

Diffraction and electromagnetic processes
at high energies

Bad Honnef, August 17 - 21, 2015

International Wilhelm and Else Heraeus Physics School:

Schools diffractive and electromagnetic processes

- Acquafredda, September 2010, 22 participants
- Heidelberg, September 2011, 38 participants
- Heidelberg, September 2013, 48 participants
- Bad Honnef, August 2015, 59 participants

Starting 2011, these schools heavily sponsored by

Wilhelm and Else Heraeus-Foundation

Wilhelm and Else Heraeus-Foundation

- WE-Heraeus Foundation is a private foundation supporting scientific research and education with emphasis on physics
- Established in 1963 by Dr. Wilhelm Heinrich Heraeus and his wife Else Heraeus
- Wilhelm Heraeus a grandson of the founder of the W.C.Heraeus GmbH in Hanau near Frankfurt/Main, today Heraeus Holding GmbH
- Funding Activities
 - ▶ Communication: WE-Heraeus seminars, WE-Heraeus schools
 - ▶ Education: Promotion of students, promotion of teachers
 - ▶ Special projects: Wilhelm and Else Heraeus-Foundation lecture hall, new guesthouse starting november 2015

Many thanks to the WE-Heraeus Foundation for the support !

Organizational comments

- Lectures 40+10 min, talks 15+5 min
- Prizes for best student posters and best student talks
- Discussion session on friday, opportunity to pose questions
- Breakfast and lunch in dining room at ground floor
- Dinner in *Lichtenberg Cellar*
- At meals: water free of charge, please mark beverages taken out of refrigerator under your name on beverage list, to be paid before leaving the Physikzentrum
- No smoking in the house ! (will trigger fire alarm)
