Particle Physics preparing for the update of its European Strategy

Monday 4 June 2018 09:55 (30 minutes)

The Update of the European Strategy for Particle Physics will centre around the High-Luminosity operation of the LHC. Further input is being received till the end of 2018 to put in place a most comprehensive strategy –also on a global basis –that includes coverage of the burning questions till the middle of the coming decade. The Physics Beyond Colliders Study is an important element.

Presenter: ECKHARD, Elsen (CERN)

Session Classification: Opening Plenary
