- Structure of the EPPSU process
- Composition of the EPPSU teams
- Proposed timeline
- Proposed change in participation of other regions

Thank you to Sijbrand de Jong for getting us started

The document submitted to Council is nowhere close in form to the original draft!!!

Structure of the EPPSU process

- Strategy update **approval by Council** (date fixed, May 2020)
- The strategy update is drafted by the European Strategy Group (**ESG**)
- The drafting is based on **input from the community** - collaborations, projects, national institutes, national roadmaps, individuals
- The input is collected by the Physics Preparatory Group (**PPG**)
- The PPG organizes the **Open Symposium** to discuss the proposals
- The PPG summarizes the input, the discussions and their conclusions in a **Briefing Book**
- The Briefing Book constitutes the input for the ESG for drafting the update
- The drafting of the strategy update takes place during a dedicated **Drafting Session** (the conclave of the EPPSU process)
- The organization is handled by the **Strategy Secretariat**
- All the groups are chaired by the **Strategy Secretary**

European Particle Physics Strategy Update

- The number of countries in Asia and the Americas assuming important roles in shaping the global scientific particle physics programme is increasing
 - would like to increase the representation from 1 to 2 representatives from each of these regions
- Next steps
 - Develop the organization of the consultation & consensus building process
 - Prepare the call for input
