

Invisibles18 School

Tuesday, 28 August 2018

The birth of (non-stellar) neutrino astronomy: multi-messenger astrophysics and active galactic nuclei: lecture 1 (17:00 - 17:45)

The birth of (non-stellar) neutrino astronomy: multi-messenger astrophysics and active galactic nuclei: discussion 1 (17:45 - 18:00)

Wednesday, 29 August 2018

The birth of (non-stellar) neutrino astronomy: multi-messenger astrophysics and active galactic nuclei: lecture 2 (11:00 - 11:45)

The birth of (non-stellar) neutrino astronomy: multi-messenger astrophysics and active galactic nuclei: discussion 2 (11:45 - 12:00)

Friday, 31 August 2018

The birth of (non-stellar) neutrino astronomy: multi-messenger astrophysics and active galactic nuclei: lecture 3 (17:00 - 17:45)

The birth of (non-stellar) neutrino astronomy: multi-messenger astrophysics and active galactic nuclei: discussion 3 (17:45 - 18:00)

Saturday, 1 September 2018

The birth of (non-stellar) neutrino astronomy: multi-messenger astrophysics and active galactic nuclei: lecture 4 (11:00 - 11:45)

The birth of (non-stellar) neutrino astronomy: multi-messenger astrophysics and active galactic nuclei: discussion 4 (11:45 - 12:00)
