

Progress so far....

- Take an old branch of CMSSW with a prototype of the fit and “port it” into a recent IB (10_0_X based)
- Fix compilation issues

Plans for the rest of the day

- Integrate improvements to the fitting logic that have been developed in the standalone code (from which the previous branch has been derived) into the current branch
- Live documentation:
 - docs
- Working CMSSW branch:
 - branch
