

Sunday 7 January

11:00

Session 6

Session

Location: Institute of Theoretical Physics, University of Wroclaw, 60, ground floor - Room Jan Rzewuski, Max Born Pl. 9, 50-204 Wroclaw

11:00-11:25

What can we learn from femtoscopic and angular correlations of identified particles in ALICE?

Speaker

Lukasz Kamil Graczykowski

11:25-11:50 Kaon femtoscopy using THERMINATOR model

Speaker

Diana Pawłowska

11:50-12:15 Femtoscopy at MPD

Speaker

Daniel Wielanek

12:15-12:40 Non-identical particle femtoscopy in STAR

Speaker

Paweł Szymański

12:40-13:00 Some personal impressions

Speaker

Prof. Johann Rafelski

13:00
