

## O-E-7: CESNET bid

*Jiri Chudoba*

- **CESNET provides a TPM since the service started**
  - TPM Team 1 formed in CE region (CZ and PL)
- **Good experience with distributed location**
  - overcome local problems with different outages
  - different national holidays
- **CESNET bids 3 PMs**
  - could offer more through team experienced in NGI ticket handling which provides full time coverage
- **We support distributed model also in EGI**
  
- **TPM shifts in the last months of EGEE3**
  - why such major changes
  - people reallocation
  - it is against distributed model of NGIs
