

## **Session Program**

**21-25 Sept 2010**

# **XL International Symposium on Multiparticle Dynamics (ISMD 2010)**

## ***Techniques in Experiment and Theory***

University of Antwerp (Belgium)  
Prinsstraat 13 2000 Antwerp Belgium

# Friday 24 September

11:20

## Techniques in Experiment and Theory: Chairperson: Atsushi Nakamura

Session | Location: University of Antwerp (Belgium), C103

11:20-11:55 **Recent results in lattice QCD**

**Speaker**

Zoltan Fodor

11:55-12:15

**Probing nonlinearity of semi-macroscopic vacuum by second harmonic generation with intense laser fields**

**Speaker**

Prof. Kensuke Homma

12:15-12:16 **Diffractive event classification at the LHC - CANCELLED**

**Speaker**

Prof. Risto Orava

12:16-12:35 **Systematic MC tuning at LHC**

**Speaker**

Hendrik Hoeth

12:35-12:55 **Tracking and vertexing in ATLAS**

**Speaker**

Ben Cooper

12:55
