

IR-Improved results for LHC/FCC physics: Status report

Friday 6 July 2018 17:30 (15 minutes)

We present the current status of recent developments in the theory and application of IR-improved QED \otimes QCD resummation methods, realized by MC event generator methods, for LHC and FCC physics scenarios.

Author: Prof. WARD, Bennie (Baylor University)

Co-authors: Dr SHAKERIN, Bahram (Baylor University); Prof. YOST, Scott (The Citadel)

Presenters: Prof. WARD, Bennie (Baylor University); WARD, Bennie (Baylor University (US))

Session Classification: Strong Interactions and Hadron Physics

Track Classification: Strong Interactions and Hadron Physics
